## CVL Face Database

by [Peter Peer](#)

- Features:
  - 114 persons
  - 7 images for each person
  - resolution: 640\*480 pixels
  - format: jpeg
  - done with Sony Digital Mavica under uniform illumination, no flash and with projection screen in the background
  - persons age: mostly 18 (pupils (of age) and some professors)
  - persons sex: mostly male (around 90%)
  - public domain
- Terms of usage:
  - non-commercial usage
  - research in computer vision
  - in publications you have to write acknowledgement to CVL and CV, PTER, Velenje
- Projects regarding face database (instances):
  - face detection, feature detection
  - face recognition
  - 3D face modeling
- Notice: We have a written permission of each person to use the pictures under terms of usage!
- CD structure:
  - file autorun.inf - CD automatic startup; otherwise click on facedb.html or see the readme.txt file in directory database
  - file cd-label.cdr - CorelDraw8 label for CD
  - file cd-cover.cdr - CorelDraw8 cover for CD
  - CVL introduction: other root files, directory images, directory articles
  - CVL Face Database: directory database - see the readme.txt file
- Contact: [peter.peer@fri.uni-lj.si](mailto:peter.peer@fri.uni-lj.si)
- Example of person images in the database:
